WEBER COUNTY TO PAY WRECKED AUTO LED FOR A QUEEN AT STATE FAIR TO WILD RUMORS OF DEATHS

Yesterday afternoon the county commissioners informally held a conference with Fred Graham of Salt Lake, a representative of the Utah Fair association board, at which Mr. Graham explained that the fair committee this year desires to make the visit of the county queens and their maids more than ever before a special feature of the fair week. To this end, Mr. Graham said, an effort is being made to have the commissioners of the various counties give their immediate attention to the matter of selecting the queens and arranging for their journey.

The commissioners advised Mr. Graham that Weber county will be represented at the fair by a queen and four maids of honor. There will be four maids for the county districts and that Ogdenville City will be given the opportunity of selecting a queen. The county will defray the expenses of the queen and her maids from fair funds which will be received from the tax levy of this year.

ANOTHER WOMAN IN THE DIVORCE CASE

The divorce case of Florence W. Cunningham against Lewis C. Cunningham is being tried before Judge James A. Howell today and will likely not be concluded before tomorrow.

In her complaint, Mrs. Cunningham alleges that her husband has failed to provide the necessities of life for the family and that he has bestowed his affections on another woman.

Mrs. Christina Harrop and her daughter testified that they had seen Mr. Cunningham in the company of the woman on numerous occasions and that his attentions had attracted the attention of neighbors.

Mrs. Cunningham also testified to the estrangement of Mr. Cunningham and his attentions paid to the West woman.

The defendant denies the allegations of the complaint and will introduce testimony to refute that which is given by the plaintiff.

Today Mrs. Ella Wilkins filed a new divorce action in the district court against her husband, Frank E. Wilkins, on the grounds of cruelty. The plaintiff alleges that she married the defendant May 7, 1910, and that for some time past he has been in the habit of calling her bad names and otherwise mistreating her. She states that in June of this year he attempted to assault her and that in April he threatened to kill her. Mrs. Wilkins asks for divorce, costs of suit and attorney fees, and \$15 a month alimony. The former case was dismissed yesterday afternoon without prejudice.

Lead.
St. Louis, Sept. 9.-Lead-Dull, \$3.75. Spelter-Dull and lower.

Evidences of "an awful accident" were noted this morning by travelers along the county road at North Ogden where a wrecked automobile near where the Gus Wright accident of two weeks ago occurred. A report was circulated that an automobile had turned turtle, killing three persons and mortally injuring another. Sheriff De Vine, when he got word early this morning, with two deputies hurried to North Ogden. The sheriff was advised that some one driving the machine from the Lucas livery stable at about midnight last night met with an accident. The sheriff called at the stable and was informed that at about 12 o'clock last night George De West was sent to the Hot Springs with a party in an automobile. He made the trip to the springs safely leaving the party there, and was on his way back when the machine turned turtle in the roadway. The chauffeur was slightly bruised but not otherwise injured.

De West states that something went wrong with the steering gear of the machine and he lost control, the sudden turning of the front wheels to the side tipping the machine over. He claims that he was going at a moderate rate of speed, which accounts for his escape from serious injury. The auto was taken to a garage today for repairs. The bed was damaged and the wheels wrecked.

Sheriff De Vine states that a number of complaints have come to him of late against fast driving on the North Ogden road and that he has decided to place an extra officer on the highway to look out for the speeders. He does not say that Mr. De West was speeding when his machine turned turtle and accepts his statement that he was not, but he states that he is going to patrol the road and offenders will be apprehended and prosecuted.

HUNDREDS MAKE THE TRIP TO BRIGHAM ON PEACH DAY

That Peach day at Brigham City is being observed by an unusually large crowd of people is evidenced by the great number of Ogdenville people who are participating in the festivities. The function is among the most attractive features of the northern part of the state each year and the people take the capacity of railroads to carry them.

The Ogdenville Rapid Transit began the operation of cars on a 45-minute schedule at an early hour this morning and before 9 o'clock it was necessary to attach two trailers to each motor car in order to accommodate all the crowds. From 9 o'clock until late this afternoon the three cars in each train were filled to capacity, most of the passengers being Ogdenville residents.

Aside from the great number who rode over the Rapid Transit line, hundreds went in autos, and there were still other hundreds who road over the Oregon Short Line.

The Bamberger electric line handled large crowds from Salt Lake, and Davis counties. It is estimated that from 800 to 1000 Ogdenville people are spending the day in Brigham.

Two Oregon Short Line Peach day special trains carried approximately 1000 people to Brigham City this morning. The excursionists were about evenly divided from Salt Lake and from the intermediate towns between Salt Lake and Ogdenville.

Among the speakers who addressed the people at the park at noon were Mayor W. T. Davis, who welcomed the visitors; Governor William Spry, Judge D. N. Straup of the supreme court, and William Glasman of Ogdenville. The two last named were called to the stand by the committee and prevailed upon to give impromptu talks. On the speakers' stand, among others were Judge McCarty of the supreme court, and Charles F. Middleton of Ogdenville.

BIDS FOR ELECTRIC LIGHTING OF THE CITY OF OGDENVILLE

The city board of commissioners this morning accepted bids from Robert Ages and wife and Emil Keller and wife to certain parcels of real estate, which will be used in the opening of Fourteenth street, extending west from Washington avenue.

The report of street supervisor C. H. Martin stated that during the month of August \$3,453.20 was expended on the streets of the city.

The bond of August Jensen for sidewalk paving in district No. 129 was approved and filed.

The claim of the Ogdenville River reservoir company, in the sum of \$27.33, and that of August Jensen for extra work done on sidewalks in the sum of \$10.91 were allowed.

The allowed claim of the Utah Power & Light company for lighting the city during the month of August was \$1,434.44.

Respecting the continued lighting of the city, the recorder was instructed to advertise for bids. The contract for street lighting will be for a period of three years. There are two electric producing companies in Ogdenville-the Utah Power & Light company and the Utah Light & Railway company-but the commissioners are wondering whether both companies will bid, as there is a proposed merger of the companies throughout the state.

The matter of purchasing Sunbeam incandescent Mazda lamps from the Central Electric Supply company, was referred to the mayor with power to act. A representative of the electric company has communicated with the commissioners, quoting prices on the lamps.

CONSERVATORY OF MUSIC IS OPENED

The Ogdenville Conservatory of Music opened yesterday morning and during the day 200 students were registered. A reception and musicale was a feature of the day's program and the members of the faculty received and entertained a large number of local music lovers.

The large number of registrations was considered by even the most optimistic member of the faculty to be something unusual and speaks well for Ogdenville as a music loving community and of its confidence in the members of the conservatory faculty as musicians and teachers.

Professor Squire Coop, advisory director of the conservatory and under whom the majority of the teachers received their first musical training, was present at the opening and in speaking of it, said:

"Indications are that the conservatory will be a great success. The registration of the opening day was beyond our anticipations and indicates that there are hundreds of people in Ogdenville who are interested in musical development. We certainly must an-

ticipate a splendid year, judging from the registration."

WAR BULLETINS

Paris, Sept. 9, 4:30 p. m.-"On the banks of the river Ourcq, two German flags have been captured in the course of a great battle. One was taken from the enemy by force by a reservist named Gullmand, who has received the military medal from General Gallieni, commander of the French forces at Paris. This flag is of the 36th regiment of German infantry, which was decorated in 1870 with the order of the 'Iron Cross'."

The foregoing is an official announcement given out in Paris this afternoon.

Washington, Sept. 9.-Representative Hobson introduced a resolution today proposing that President Wilson call a special assembly of delegates to the third international peace conference which was to have met at the Hague in Washington "as soon as practicable" to attempt to end the European war. It is proposed that afterward a session be held in San Francisco in 1915. An appropriation of \$150,000 for expenses was proposed.

New York, Sept. 9.-The North German-Lloyd steamer Brandenburg, en route to the Atlantic from Philadelphia from which port she left August 23, arriving last night at Drontheim, Norway, according to cablegrams received here today by the North German-Lloyd Steamship company.

Washington, Sept. 9.-An undated dispatch from American Consul Johnson at Ostend to the state department today says that through Van Hee, American vice consul, the city of Ghent was saved from a bombardment. An agreement was reached by which the German troops were not to enter the city. Two wounded German officers who came into Ghent by automobile, it was arranged, would

not be held as prisoners of war, but would be returned to the German lines on their recovery.

Washington, Sept. 9.-"Frankfurter Zeitung" reports that German officers while Louvain was burning, brought pictures from the Cathedral to the town hall for protection.

"The 'Stampa' a paper at Turin, reports that French confidence in its general staff has vanished. Parisians know that France is flooded with wounded and that a great part of the army are prisoners."

Requisitions on Ghent. London, Sept. 9, 1:35 p. m.-A dispatch from Ostend, Belgium, relates that the requisitions made by the German forces on the city of Ghent following the understanding that in return for certain supplies furnished by the municipality, German troops should not enter the city, are as follows:

Ten thousand litres of benzine, 1000 litres of mineral water, 100 and 500 kilos of oats, one hundred bicycles, 10 motorcycles and 25 compressed air cylinders for motor cars, a quantity of material for bandages, and 100,000 cigars. All these articles, as well as the arms and ammunition of the local civic guard must be delivered to the Germans by 6 o'clock this evening.

ALLIES HARASS GERMAN FORCES

Paris, Sept. 9, 6:50 p. m.-All efforts of correspondents to get to the front have been frustrated. Any endeavors by them to arrive on the scene of battle have been sternly repressed under threats of the severest punishment.

Evidently the allies are determined to harass the Germans and are unceasingly endeavoring to exhaust their supplies of ammunition in the belief that it will be impossible for the Germans to renew their stores owing to their long line of communication.
